ABOUT ACACIA

Since its inception in 2008, Acacia LLC has been a consistent supplier of high-quality planting material to the GCC region. Equipped with state-of-the-art production facilities and detailed technical knowledge, Acacia has continued to deliver results which exceed customers' expectations.

Acacia has in-house facilities to propagate, store, transport and procure high quality planting material from around the world.

WORLD CLASS FACILITIES OF ACACIA LLC

Area

Acacia LLC has secured a leading position in the landscaping market with our exceptional quality, precise technical knowledge and the management of vast well-maintained nurseries, which house numerous species of plants, trees, shrubs and flowers.

Propagation

Acacia brings together the essential requirements of correct growing conditions with the latest agricultural technology to provide our plants with the most advanced growth environment. We have sophisticated green-houses equipped with state-of-the-art technology for the propagation of a wide range of high value plants with varied climatic requirements. These operations are carried out by Acacia's team of qualified and highly trained professionals who have been especially recruited for their specialized technical expertise.

Logistics

Acacia is supported by trained professionals who specialize in logistics and help us to provide the best to the market. Acacia is a part of several international trade linkages for procurement of the finest planting materials and landscaping accessories.

ACACIA SERVICES

Projects

Acacia LLC has the resources to support the supply of any volume of quality planting materials to large scale commercial projects in the Gulf region. At any given time we have a large quantity of planting material available in a range of sizes. Acacia is the preferred supplier for a large number of prestigious clients in Dubai and the GCC region.

Cut Flowers and Flower Arrangements

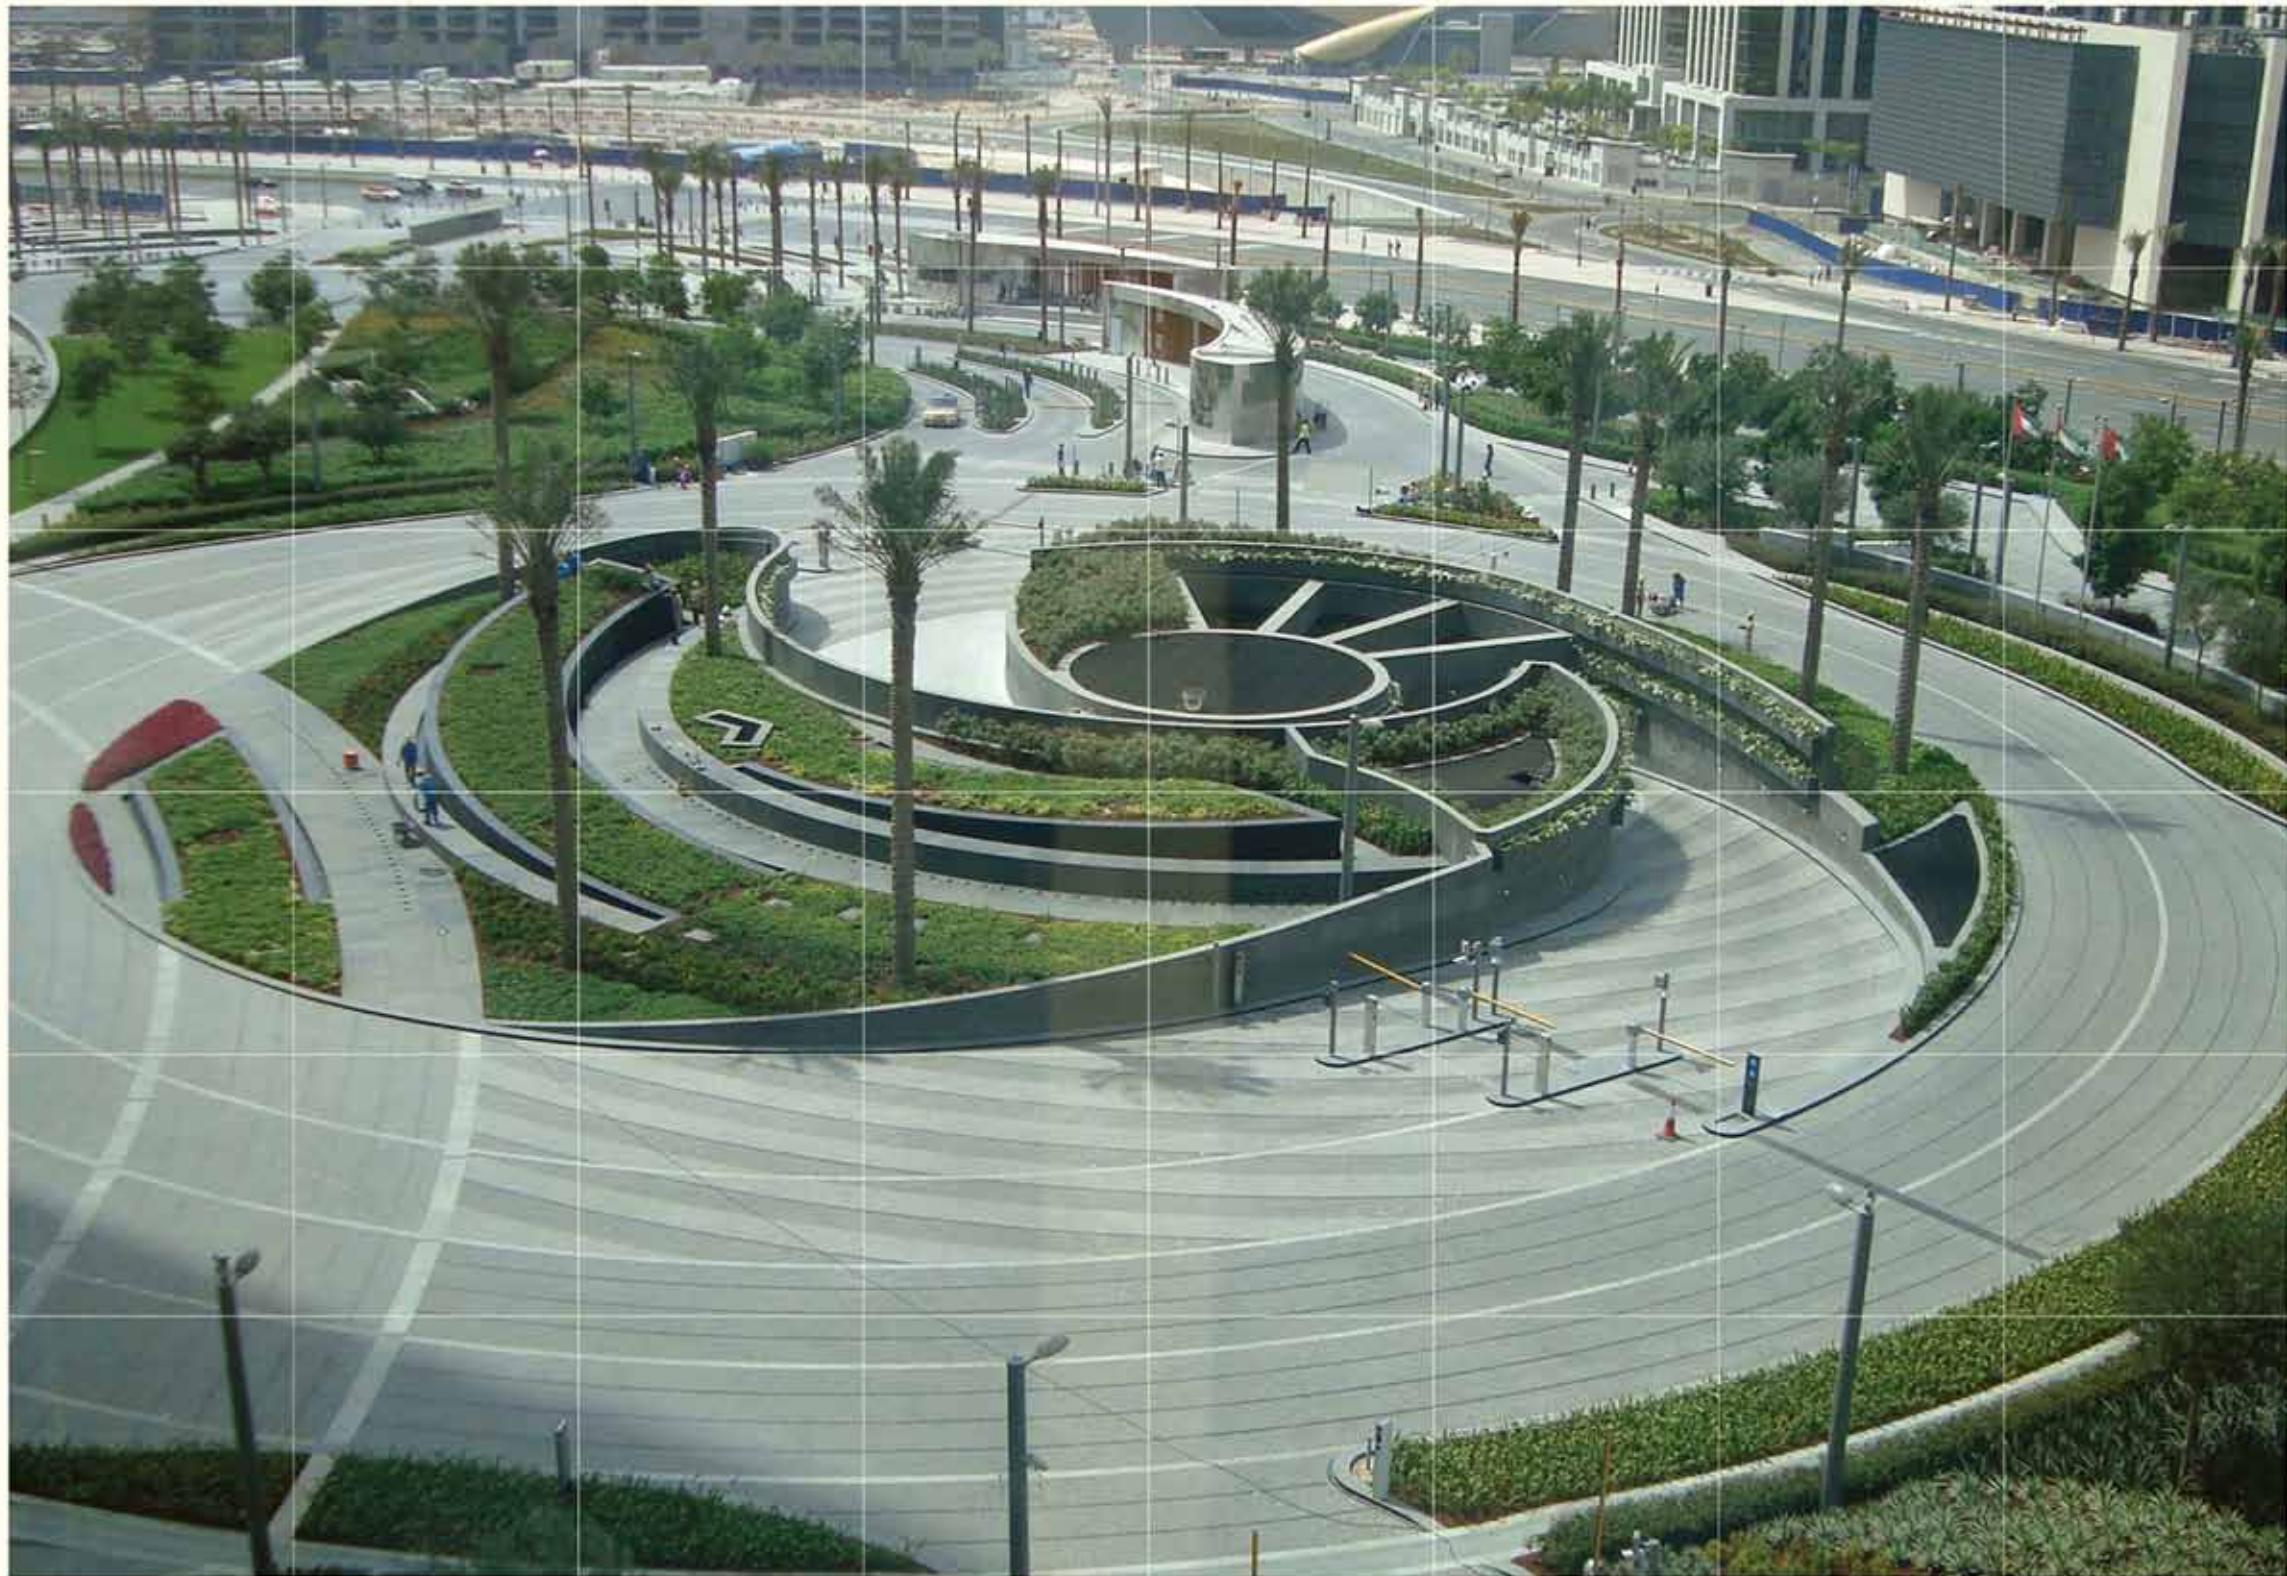

Acacia has recently launched a new division dealing exclusively with cut flowers, flower arrangements and indoor plant maintenance. Uniquely diverse and sophisticated, 'Uniflora' aims to deliver freshness to your door step.

Retail

Acacia caters to residential landscaping projects as well as retail customers. The Acacia Landscape Mart, based in Al Warsan, has been newly established especially to meet the demands of the retail sector, and offers a wide range of landscaping products and landscaping accessories.

Business Integration

We are well integrated, both vertically and horizontally, with suppliers and producers around the world, with the aim of supplying plant material and landscaping accessories of the highest quality to the GCC market. We also retain a sophisticated supply chain consisting of experts in the field of landscaping and material purchases.

ACACIA PROJECTS

Acacia has been involved in the most prestigious projects in the gulf region. Some of the completed projects from our ever expanding list are:

- BURJ KHALIFA
- DUBAI SILICON OASIS
- SANCTUARY FALLS VILLAS
- DUBAI FESTIVAL CITY
- DEIRA CITY CENTRE
- DUBAI SPORTS CITY
- MIRDIF CITY CENTER
- AL GHURAIR CITY
- AL BANDAR, ABU DHABI
- MASDAR ENTRANCE, ABU DHABI
- SAADIYAT CONSTRUCTION VILLAGE, ABU DHABI

THE LANDSCAPE MART

Staying true to its commitment to the retail industry of the Gulf region, Acacia has recently launched the 'The Landscape Mart', located in Al Warsan. The Landscape Mart offers a one-stop solution to all landscaping requirements. Although it has been established primarily to address the landscaping requirements of retail customers, the Landscape Mart also caters to the needs of retail landscaping projects.

OUR PRODUCTS

Fibre Glass Planters

The Landscape Mart is the only retailer for Capital Garden Ornaments in Dubai. We have a wide range of contemporary as well as ornamental planters available from Capital Garden Ornaments as well as from Decofer.

Clay Pots

We offer exquisite clay pots, amongst other landscaping accessories, supplied by BTP planters.

Haddonstone Garden Ornaments

Choice of the royalty, Haddonstone is the supplier of a special range of cast limestone garden material from the UK. Acacia is the only supplier for Haddonstone garden materials in the Middle East, offering a diverse selection of garden accessories such as planters, pedestals, bird baths, garden furniture and a range of related garden and architectural products.

PE Planters

The Landscape Mart offers a range of plastic planters from Harshdeep that are available in all sizes and are suitable for indoor and outdoor use.

Five Star Grass

Acacia is the preferred retailer for Five-Star Grass in Dubai. Made from environmentally sustainable material, Five-Star Grass is a premier product amongst artificial grasses. It comes with a manufacturer's warranty of UV resistance and colour consistency, making it an ideal product for use in the UAE.

Ceramic Planters

The Landscape Mart offers a dynamic range of ceramic planters in contemporary and authentic vernacular styles that are available in a variety of colours and sizes.

Pebbles, Gravel and Stone chips

We have an extensive collection of ornamental stones and pebbles from around the world in a variety of shapes, sizes and textures. We also accept large commissions of bulk purchase and are able to deliver the quantity required on time, even on short notice.

Gardening Tools and Equipments

An exclusive range of gardening tools and equipment for all gardening requirements are available at the The Landscape Mart.

Garden Furniture

We offer an exclusive collection of garden furniture from Hartman Australia which is suitable for all kinds of outdoor environments.

Water Features

The Landscape Mart offers a diverse range of water features that are suited for a variety of landscapes. They are made from a selection of different materials and are available in a wide range of sizes.

Potting Soil

Along with care and attention, plants require a special medium of soil in which to grow and flourish. We offer high-end potting soils from Germany and South Africa that help to maximize the health and growth of your plants. The Landscape Mart is also the stocklist for Blumenerde and Earth to Earth organics.

Natural Plant

All kinds of high-quality planting material is available in the Landscape Mart, including aquatic plants, shrubs, trees, palms, climbers, ground covers, succulents, seasonal flowers and herbs.

ABOUT UNIFLORA

Uniflora offers some of Dubai's finest florist services. We specialize in the delivery of fresh flower arrangements to corporate offices and homes, with the additional option of customer gifting packages for special occasions. Fresh flowers have a positive impact on home and business environments, creating an atmosphere of comfort and security. Uniflora also caters to private events including weddings, engagements, birthday celebrations and religious festivals. We have specialized facilities that help to retain the freshness of our flowers from landing to the delivery to your doorstep. Our florists are experts in the craft of flower arrangements and will be able to recommend specific custom made floral designs that are best suited to your requirements.

Uniflora-flower Arrangements

We deliver exclusive flower arrangements for all descriptions of special occasions and events. Our florists can assist you in the selection of a unique bouquet or flower arrangement for a special occasion or that special someone.

Subscription Services

Our subscription services include delivery and maintenance of flowers for your office and home. All our flowers and floral arrangements are of the highest quality and come with a seven day warranty at an economical price.

Uniflora- Stabilised Plants

Uniflora also specializes in 'green architecture' for interiors, using stabilized natural plants that create a unique and stylish ambience. These plants transport mother nature into your home or office through the preservation of their natural radiance and fragrance

Stabilized Plants- Advantages

Enjoy the beauty of natural plants without their inconveniences:

- No Irrigation requirement
- No maintenance necessary.
- No sunlight and optimal temperature maintenance requirement.
- No risk of insects or harmful toxins.
- More attractive than natural plants.
